STATEMENT OF THE EXECUTIVE BOARD (Continued)

THE EXECUTIVE BOARD'S STATEMENT OF RESPONSIBILITY

The Executive Board of the Corporation is responsible for preparing the consolidated financial statements, which give a true and fair view of the consolidated financial position of the Corporation as at 31 December 2023, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to consolidated financial reporting. In preparing these consolidated financial statements, the Executive Board is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the consolidated financial statements;
- prepare the consolidated financial statements on the going concern basis unless it is inappropriate to presume that the Corporation will continue in business; and
- design and implement an effective internal control system for the purpose of properly preparing and presenting the consolidated financial statements so as to minimize errors and frauds.

The Executive Board of the Corporation is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the consolidated financial position of the Corporation and that the consolidated financial statements comply with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to consolidated financial reporting. The Executive Board is also responsible for safeguarding the assets of the Corporation and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

The Executive Board confirms that the Corporation has complied with the above requirements in preparing these consolidated financial statements.

For and on behalf of the Executive Board,

Tran Thi Phuong Thao
Executive Officer

INDEPENDENT AUDITORS' REPORT

To: The Shareholders
The Board of Directors and the Executive Board
PetroVietnam Fertilizer and Chemicals Corporation - JSC

We have audited the accompanying consolidated financial statements of PetroVietnam Fertilizer and Chemicals Corporation - JSC (the "Corporation") prepared on 08 March 2024, as set out from page 05 to page 45, which comprise the consolidated balance sheet as at 31 December 2023, the consolidated statement of income, the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to consolidated financial reporting and for such internal control as management determines is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Corporation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITORS' REPORT (Continued)

Opinion

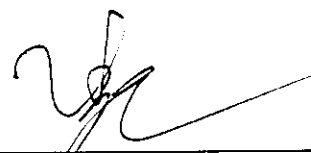

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Corporation as at 31 December 2023, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to consolidated financial reporting.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

These notes are an integral part of and should be read in conjunction with the accompanying consolidated financial statements

1. GENERAL INFORMATION**Structure of ownership**

PetroVietnam Fertilizer and Chemicals Corporation - JSC (hereinafter referred to as the "Corporation"), formerly known as PetroVietnam Fertilizer and Chemicals Joint Stock Company, was established under the Enterprise Registration Certificate No. 4103007696 first issued on 31 August 2007 and the 16th amendment dated 16 February 2024, issued by the Department of Planning and Investment of Ho Chi Minh City. On 01 September 2008, the Corporation officially transformed its operation into parent-subsidary model in accordance with Resolution No. 01/NQ-DHDCD released by the Shareholders' General Meeting. Accordingly, the Holding Company - PetroVietnam Fertilizer and Chemicals Corporation - JSC was established from functional departments of PetroVietnam Fertilizer and Chemicals Joint Stock Company, project management units and Phu My Fertilizer Plant.

As at 31 December 2023, the Corporation's charter capital was VND 3,914,000,000,000, equivalent to 391,400,000 ordinary shares, each share has par value of VND 10,000. The Corporation's shares are listed on Ho Chi Minh City Stock Exchange from 05 November 2007 with the stock symbol as "DPM".

The parent company of the Corporation is Vietnam Oil and Gas Group (the "Group" or "PVN") who holds 59.58% of its charter capital as at 31 December 2023.

Operating industries and principal activities

The operating industries of the Corporation include:

- Production and trade in fertilizer, liquid ammonia, industrial gas, other chemicals;
- Provision of technical services relating to production and trade in fertilizer and other related chemicals (excluding heavily toxic chemicals);
- Architectural activities and related technical consultancy;
- Production, transmission and distribution of electricity;
- Trade in real estates, land use rights held as owner, user or lessor;
- Wholesale of agricultural and forestry products (excluding wood, bamboo) and living animals;
- Goods transport services by road and by inbound waterway, processing of oil and gas-related products and minerals;
- Vocational training;
- Supporting services for waterway transportation; loading and unloading goods at seaports and inland terminals; and
- Acting as vessel agent and shipping agency and providing warehousing services.

The principal activities of the Corporation are production and trade in fertilizers used in agriculture.

Normal production and business cycle

The Corporation's normal production and business cycle is carried out for a time period of 12 months or less.

The Corporation's structure

As at 31 December 2023, the Corporation's dependent units are as follows:

No	Name	Address
1	Phu My Fertilizer Plant	Phu My 1 Industrial Park, Phu My Ward, Phu My Town, Ba Ria – Vung Tau Province, Vietnam
2	Ho Chi Minh City Branch	27 Dinh Bo Linh Street, Ward 26, Binh Thanh District, Ho Chi Minh City, Vietnam
3	Cambodia Branch (i)	Phnom Penh, Cambodia
4	Fertilizer and Chemical Projects Management Unit	Phu My 1 Industrial Park, Phu My Ward, Phu My Town, Ba Ria – Vung Tau Province, Vietnam
5	Research and Application Center (ii)	Phu My 1 Industrial Park, Phu My Ward, Phu My Town, Ba Ria – Vung Tau Province, Vietnam

(i) According to Decision of the Board of Directors No.313/QD-PBHC dated 26 June 2014, the Corporation's Board of Directors approved the plan to liquidate the Corporation's branch at Cambodia. The Corporation is in process of liquidating its branch in Cambodia.

(ii) According to Decision of the Board of Directors No. 504/QD-PBHC dated 09 December 2022, the Corporation's Board of Directors approved the plan to establish a branch of PetroVietnam Fertilizer and Chemical Corporation - Joint Stock Company - Research and Applications Center. On 18 January 2023, the Corporation completed procedures to establish the Research and Application Center.

Details of subsidiaries and associates of the Corporation as at 31 December 2023 are as follows:

Subsidiary/associate	Location	Proportion of ownership interest (%)	Proportion of voting power held (%)	Main business
Subsidiaries				
1. Central PetroVietnam Fertilizer and Chemicals JSC	Binh Dinh Province	75.00	75.00	Trading in fertilizer and chemicals
2. SouthWest PetroVietnam Fertilizer and Chemicals JSC	Can Tho City	75.00	75.00	Trading in fertilizer and chemicals
3. SouthEast PetroVietnam Fertilizer and Chemicals JSC	Ho Chi Minh City	75.00	75.00	Trading in fertilizer and chemicals
4. Northern PetroVietnam Fertilizer and Chemicals JSC	Hanoi	75.00	75.00	Trading in fertilizer and chemicals
Associates				
1. Dam Phu My Packaging Joint Stock Company	Ba Ria - Vung Tau Province	43.34	43.34	Production of packages
2. PetroVietnam Urban Development JSC	Can Tho City	35.63	35.63	Construction and installation of civil and industrial works and services provision
3. Viet Nam Petrochemical and Fiber JSC	Hai Phong City	25.99	25.99	Production and sale of polyester fibers

Disclosure of information comparability in the consolidated financial statements

Comparative figures are the figures of the Corporation's audited consolidated financial statements for the year ended 31 December 2022.

2. ACCOUNTING CONVENTION AND FINANCIAL YEAR

Accounting convention

The accompanying consolidated financial statements, expressed in Vietnam Dong (VND), are prepared under the historical cost convention and in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to consolidated financial reporting.

The Corporation's Branch in Cambodia uses United States Dollar (USD) as currency unit in accounting. The Corporation has translated all remaining balances of its branch in Cambodia for the year ended 31 December 2023 into VND under Vietnamese Accounting Standards, accounting regime for enterprises and related legal regulations.

The consolidated financial statements are prepared based on consolidation of separate financial statements of the Corporation and its subsidiaries' financial statements.

The accompanying consolidated financial statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

Financial year

The Corporation's financial year begins on 01 January and ends on 31 December.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies, which have been adopted by the Corporation in the preparation of these consolidated financial statements, are as follows:

Estimates

The preparation of consolidated financial statements in conformity with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to consolidated financial reporting requires the Executive Board to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the financial year. Although these accounting estimates are based on the Executive Board's best knowledge, actual results may differ from those estimates.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Corporation and enterprises controlled by the Corporation (its subsidiaries) up to 31 December 2023. This control is achieved where the Corporation has the power to govern the financial and operating policies of an investee enterprise so as to obtain benefits from its activities.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used in line with those used by the Corporation.

All inter-company transactions and balances are eliminated in full on consolidation.

Non-controlling interests consist of the amount of those non-controlling interests at the date of the original business combination (see below) and the non-controlling interests' share of changes in equity since the date of the combination. Losses in subsidiaries are respectively attributed to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Business combinations

On acquisition, the assets and liabilities and contingent liabilities of a subsidiary are measured at their fair values at the date of acquisition. Any excess of the cost of acquisition over the fair values of the identifiable net assets acquired is recognised as goodwill. Any deficiency of the cost of acquisition below the fair values of the identifiable net assets acquired is credited to profit and loss in the period of acquisition.

The non-controlling interests are initially measured at the non-controlling shareholders' proportion of the net fair value of the assets, liabilities and contingent liabilities recognised.

Investments in associates

An associate is an entity over which the Corporation has significant influence and that is neither a subsidiary nor an interest in joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting. Interests in associates are carried in the consolidated balance sheet at cost as adjusted by post-acquisition changes in the Corporation's share of the net assets of the associate. Losses of an associate in excess of the Corporation's interest in that associate (which includes any long-term interests that, in substance, form part of the Corporation's net investment in the associate) are not recognised.

Where a group entity transacts with an associate of the Corporation, unrealised profits and losses are eliminated to the extent of the Corporation's interest in the relevant associate.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and short-term, highly liquid investments (not exceeding 3 months) that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Financial investments

Held-to-maturity investments

Held-to-maturity investments comprise investments that the Corporation has the positive intent or ability to hold to maturity, including term deposits at banks held to maturity to earn periodic interest.

Held-to-maturity investments are recognised on a trade date basis and are initially measured at acquisition price plus directly attributable transaction costs. Post-acquisition interest income from held-to-maturity investments is recognised in the consolidated income statement on accrual basis. Pre-acquisition interest is deducted from the cost of such investments at the acquisition date.

Held-to-maturity investments are measured at cost less provision for impairment of investments (if any).

Provision for impairment of investment of held-to-maturity investments is made in accordance with prevailing accounting regulations.

Equity investments in other entities

Equity investments in other entities represent the Corporation's investments in ordinary shares of the entities over which the Corporation has no control, joint control or significant influence.

Equity investments in other entities are carried at cost less provision for impairment of such investments.

Provisions for impairment of investments in other entities are made in accordance with prevailing accounting regulations.

Receivables

Receivables represent the amounts recoverable from customers or other debtors and are stated at book value less provision for doubtful debts.

Provision for doubtful debts is made for receivables that are overdue for six months or more, or when the debtor is in dissolution, in bankruptcy, or is experiencing similar difficulties and so may be unable to repay the debt.

Inventories

Inventories are recorded under the perpetual method. Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Issue cost is calculated using the weighted average method, except for issue cost of materials that is calculated using the FIFO method. Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution.

The evaluation of necessary provision for inventory obsolescence follows current prevailing accounting regulations which allow provisions to be made for obsolete, damaged, or sub-standard inventories and for those which have costs higher than net realisable values as at the consolidated balance sheet date.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation.

The costs of purchased tangible fixed assets comprise their purchase prices and any directly attributable costs of bringing the assets to their working conditions and locations for their intended use. The costs of tangible fixed assets formed from construction investment by contractual mode or self-construction or self-generating process are the settled costs of the invested construction projects in accordance with the prevailing State's regulations on investment and construction management, directly-related expenses and registration fee (if any). In the event the construction project has been completed and put into use but the settled costs thereof have not been approved, the cost of tangible fixed assets is recognized at the estimated cost based on the actual cost incurred. The estimated cost will be adjusted according to the settled costs approved by competent authorities.

Tangible fixed assets are depreciated using the straight-line method over their estimated useful lives, as follows:

	<u>Years</u>
Buildings, structures	3 - 25
Machinery, equipment	3 - 15
Motor vehicles	5 - 10
Office equipment	3 - 9
Others	3 - 15

Loss or gain resulting from sales and disposals of tangible fixed assets is the difference between profit from sales or disposals of assets and their residual values and is recognised in the consolidated income statement.

Operating leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Corporation as lessor

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

The Corporation as lessee

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Rentals payable under operating leases are charged to the consolidated income statement on a straight-line basis over the term of the relevant lease. Benefits received and receivables as an incentive to enter into an operating lease are also spread on a straight-line basis over the lease term.

Intangible assets and amortization

Land use rights

The consolidated financial statement are prepared based on consolidation of separate financial statement of the company and its subsidiaries' financial statements.

Copyrights

The copyrights are initially recognized at purchase price and amortised using the straight-line basis over their estimated useful lives.

Computer software and other intangible assets

Computer software and other intangible assets are initially recognized at purchase price and amortised using the straight-line basis from 3 to 6 years.

Investment properties

Investment properties are composed of land use rights, buildings and structures held by the Corporation to earn rentals. Investment properties held to earn rentals are stated at cost less accumulated depreciation. The costs of purchased investment properties comprise their purchase prices and any directly attributable expenditures, such as professional fees for legal services, property transfer taxes and other related transaction costs. The costs of self-constructed investment properties are the finally accounted construction or directly attributable costs of the properties.

The Corporation does not depreciate investment real estate, which is indefinite land use rights. The remaining investment properties are depreciated using the straight-line method over their estimated useful lives as follows:

	<u>Years</u>
Definite land use rights	50
Buildings, structures	7 - 25

Construction in progress

Properties in the course of construction for production, rental or administrative purposes or for other purposes are carried at cost. The cost includes any costs that are necessary to form the asset including construction cost, equipment cost, interest expense and other related costs in accordance with the Corporation's accounting policy. Such costs will be included in the estimated costs of the fixed assets (if settled costs have not been approved) when they are put into use.

According to the State's regulations on investment and construction management, the settled costs of completed construction projects are subject to approval by appropriate level of competent authorities. The final costs of these completed construction projects may vary depending on the final approval by competent authorities.

Prepayments

Prepayments are expenses which have already been paid but relate to results of operations of multiple accounting periods, including maintenance costs of information technology systems, insurance costs, repairing expense, land and office rentals, tools and supplies allocated and other types of prepayments.

Insurance costs represent the insurance payment in advance and charged into the consolidated income statement based on the straight-line basis over the rental term.

Land and office rentals represent the land and office rental payment in advance and allocated into income statement based on the straight-line basis over the rental term.

Maintenance costs of information technology systems are recognized based on contract purchase price and amortized to the consolidated income statement on a straight-line basis over a specified period in accordance with the current prevailing accounting regulations.

The costs of tools and supplies allocated comprise costs of small tools, supplies and spare parts issued for consumption which are expected to provide future economic benefits to the Corporation and are charged to the consolidated income statement on the straight-line basis in accordance with the current prevailing accounting regulations.

The repairing expense and other types of prepayments which are expected to provide future economic benefits to the Corporation and charged to the consolidated income statement on the straight-line basis in accordance with the current prevailing accounting regulations..

Payable provisions

Payable provisions are recognized when the Corporation has a present obligation as a result of a past event, and it is probable that the Corporation will be required to settle that obligation.

Phu My Fertilizer Plant accrued the estimated repair cost to annual expense for fixed assets which have annual overhaul. If actual amount is higher than accrued amount, the difference is included in reasonable cost. If actual amount is lower than the accrued amount, the difference is recorded as a decrease in expense during the year.

Scientific and technological development fund

Scientific and technological development fund has been made since 2014 in order to finance science and technology activities of the Corporation. This fund was formed on the basis of the Corporation's demand for development and technology innovation and is recognized in the income statement according to Joint Circular No.12/2016/TTLT-BKHCHN-BTC issued by Ministry of Science and Technology, and Ministry of Finance on 28 June 2016, amended and supplemented by Circular No.05/2022/TT-BKHCHN issued by Minister of Science and Technology on 31 May 2022 and Circular No. 67/2022/TT-BTC issued by the Ministry of Finance on 07 November 2022. Accordingly, the Corporation bases on the capital demand for scientific and technological activities to appropriate a maximum of 10% of the taxable profit for this fund.

Revenue recognition

Revenue from sale of goods

Revenue from the sale of goods is recognised when all five (5) following conditions are satisfied:

- (a) the Corporation has transferred to the buyer the significant risks and rewards of ownership of the goods;
- (b) the Corporation retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- (c) the amount of revenue can be measured reliably;
- (d) it is probable that the economic benefits associated with the transaction will flow to the Corporation; and
- (e) the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from the rendering of services

Revenue of a transaction involving the rendering of services is recognised when the outcome of such transactions can be measured reliably. Where a transaction involving the rendering of services is attributable to several years, revenue is recognised in each year by reference to the percentage of completion of the transaction at the consolidated balance sheet date of that year. The outcome of a transaction can be measured reliably when all four (4) following conditions are satisfied:

- (a) the amount of revenue can be measured reliably;
- (b) it is probable that the economic benefits associated with the transaction will flow to the Corporation;
- (c) the percentage of completion of the transaction at the consolidated balance sheet date can be measured reliably; and
- (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Revenue from leasing investment properties

Revenue from leasing investment properties is recognized in profit or loss on the straight-line basis over the lease term.

Financial income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the applicable interest rate.

Dividend income from investments is recognised when the Corporation's right to receive payment has been established.

Sales deductions

Sales deductions include sales discount.

Sales deductions incurred in the same year of the related revenue from sales of products, goods and rendering of services are recorded as a deduction from the revenue of that year/period. In case that sales deductions for sales of products, goods or rendering of services sold in the year incurred after the balance sheet date but before the issuance of the financial statements, the Company recorded as revenue deductions for the year.

Foreign currencies

Transactions arising in foreign currencies are translated at exchange rates ruling at the transaction date. The balances of monetary items denominated in foreign currencies as at the balance sheet date are retranslated at the exchange rates of commercial bank where the Company usually transacts on the same date. Exchange differences arising from the translation of these accounts are recognised in the consolidated income statement.

Under the guidance of Official Letter No. 4360/DKVN-TCKT dated 31 December 2015 and Official Letter No. 3124/DKVN-TCKT dated 13 May 2015 issued by Vietnam Oil and Gas Group, the Corporation applied the buying rate announced by the Joint Stock Commercial Bank for Foreign Trade of Vietnam to translate monetary items denominated in foreign currencies as at 31 December 2023. The above mentioned rate differs from that stated in Circular No. 200/2014/TT-BTC issued on 22 December 2014 by the Ministry of Finance guiding the accounting regime for enterprises ("Circular 200"). However, such difference has no material influence on the Corporation's consolidated financial statements for the year ended 31 December 2023.

Borrowing costs

Borrowing costs are recognised in the income statement in the year when incurred unless they are capitalised in accordance with Vietnamese Accounting Standard No. 16 "Borrowing costs". Accordingly, borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the cost of those assets. For specific borrowings for the purpose of construction of fixed assets and investment properties, borrowing costs are capitalised even when the construction period is under 12 months.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the consolidated income statement because it excludes items of income or expense that are taxable or deductible in other years (including loss carried forward, if any) and it further excludes items that are never taxable or deductible.

Deferred tax is recognised on significant differences between carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using balance sheet liability method. Deferred tax liabilities are generally recognised for all temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilised.

Deferred tax is calculated at the tax rates that are expected to apply in the year when the liability is settled or the asset realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same tax authority and the Corporation intends to settle its current tax assets and liabilities on a net basis.

00
T
+
D
T
IA
/

The determination of the tax currently payable is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and their ultimate determination depends on the results of the tax authorities' examinations.

Other taxes are paid in accordance with the prevailing tax laws in Vietnam.

4. CASH AND CASH EQUIVALENTS

	<u>Closing balance</u>	<u>Opening balance</u>
	VND	VND
Cash on hand	2,657,500,348	2,515,509,016
Bank demand deposits	572,123,935,435	305,466,403,312
Cash equivalents (i)	666,779,926,332	1,775,859,140,741
	<u>1,241,561,362,115</u>	<u>2,083,841,053,069</u>

- (i) As at 31 December 2023, cash equivalents represent time deposits with original terms from 01 to 03 months at commercial banks at the interest rates ranging from 2.5% to 5.1% per annum (as at 31 December 2022: interest rates ranging from 3.0% to 6.0% per annum).

As at 31 December 2023, the Corporation's deposits with term under three months at Ocean Commercial One Member Limited Liability Bank (previously known as Ocean Commercial Joint Stock Bank) amounting to VND 284 billion are restricted. According to Official Letter No.5351/2016/CV-OCEANBANK dated 04 October 2016, Official Letter No.60/2018/CV-OCEANBANK dated 28 December 2018 and Official Letter No.76/2020/CV-OJB-CNHCM dated 12 August 2020, Ocean Commercial One Member Limited Liability Bank ensured the return of deposits held by its clients following the restructuring plan which has been submitted to the State Bank of Vietnam and the Government for approval. Interest income from these deposits has been paid by Ocean Commercial One Member Limited Liability Bank from 01 October 2015 to present. The Executive Board assessed that the Corporation's deposits will be recovered as committed by Ocean Commercial One Member Limited Liability Bank.

5. FINANCIAL INVESTMENTS

a. Short-term financial investments

	<u>Closing balance</u>		<u>Opening balance</u>	
	VND		VND	
	Cost	Carrying amount	Cost	Carrying amount

b. Other long-term receivables		
Long-term deposits	876,100,000	1,154,100,000
	<u>876,100,000</u>	<u>1,154,100,000</u>

- (i) As at 31 December 2023, other short-term receivables for Vietnam Petrochemical and Fiber Joint Stock Company ("VNPOLY") represent (i) the total amount of VND 107,786,937,303 that the Corporation has paid according to the Counter-Guarantee Agreement between the Corporation and Vietnam Oil and Gas Group ("PVN") related to PVN's guarantee obligations for VNPOLY's medium and long-term capital loans, and (ii) other receivables of VND 6,422,144,240.

According to the Memorandum among PVN, VNPOLY and the Corporation, PVN shall be responsible for collecting the principal and interest of the guarantees having paid by parties on behalf of VNPOLY. Within 07 days from when PVN receives debt payments from VNPOLY (including both the principal and interest), PVN will return an amount which is calculated based on the Corporation's capital proportion in VNPOLY to the Corporation. The interest rate is determined at the rate equal to demand deposit interest rate announced by Joint Stock Commercial Bank for Foreign Trade of Vietnam. The interest calculation period starts from when the Corporation pays the reciprocal guarantee amount to PVN.

As at 31 December 2023, the Executive Board assessed the recoverability of this receivable at low level as the accumulated losses of VNPOLY had exceeded its equity, and VNPOLY is unable to meet its financial obligations as and when they fall due.

- (ii) The balance of the other short-term receivables from PetroVietnam Trade and Services Joint Stock Company (formerly known as PetroVietnam Trade Union Finance Investment Corporation) ("PVTSJSC") as at 31 December 2023 represents an investment trust and its unpaid interest with the amount of VND 101,597,868,000 and VND 8,445,399,289 respectively. The Executive Board assessed the recoverability of this receivable at low level due to the PVTSJSC's difficult situation in business and operations.

9. BAD DEBTS

	Closing balance			Opening balance

Fair value of investment properties

According to VAS No. 05 - *Investment Properties*, fair value of investment properties at the consolidated balance sheet date is required to be disclosed. However, the Corporation has not determined the fair value as at 31 December 2023; therefore, no information about the fair value of investment properties is stated at the Notes to the consolidated financial statements. In order to determine the fair value, the Corporation would require an independent consultancy company to perform the valuation. At present, the Corporation has not found a suitable consultancy company yet.

26. BUSINESS AND GEOGRAPHICAL SEGMENTS

The Corporation's principal activities are production and trade of fertilizers used in agriculture. Accordingly, the information as presented in the consolidated balance sheet as at 31 December 2023 and the revenue, expenses as presented in the consolidated income statement for the year ended 31 December 2023 relate only to the trade of fertilizers. Revenue and cost of sales by product line and business are presented in Note 27.

The Corporation distributes fertilizer, chemicals, packages, and provides services throughout the country via its subsidiaries in each region, including the North, Central Region - Central Highlands, Southeast, Southwest and Ho Chi Minh City. During the year, the Corporation exported fertilizers with the revenue about VND 998.5 billion - accounting for less than 10% of gross revenue from goods sold and services rendered of the Corporation. Thus, almost all business and operating activities of the Corporation during the period were carried out within the territory of Vietnam.

Profit attributable to ordinary shareholders (VND)	402,889,667,363	5,314,876,420,079
Average ordinary shares in circulation for the year (shares)	391,334,260	391,334,260
Basic earnings per share (VND/share)	1,030	13,581

The bonus and welfare fund was accrued based on estimation basis, therefore, basic earnings per shares for the year ended 31 December 2023 can be changed according to the Resolution of the General Meeting of Shareholders about distribution of 2023 profit.

The basic earnings per share for the year ended at 31 December 2022 were restated due to the effect of the distribution of 2022 after-tax profit under resolutions of the Corporation's General Shareholders' Meetings (Details stated in Note 24). Accordingly, the distribution to bonus and welfare funds for the year ended 31 December 2022 were recalculated and distributed as follows:

	Reported amount	Restated amount
Profit after corporate income tax (VND)	5,564,877,377,993	5,564,877,377,993
Increasing or decreasing adjustments to accounting profit to determine profit or loss attributable to ordinary shareholders:		
<i>Distributions to bonus and welfare fund (VND)</i>	<i>(126,434,735,321)</i>	<i>(250,000,957,914)</i>
Profit attributable to ordinary shareholders (VND)	5,438,442,642,672	5,314,876,420,079
Average ordinary shares in circulation for the year (shares)	391,334,260	391,334,260
Basic earnings per share (VND/share)	13,897	13,581

34. CONTINGENT LIABILITIES

Land use fee and other costs of the 0.6ha road area which has been invested and built by the Corporation in Ca Mau province

As at 31 December 2023, the Corporation is in the process of working with the People's Committee of Ca Mau Province to determine obligations to pay land use fees and other costs that may arise related to the determination of land use purpose of the 0.6 ha road area which has been invested and built by the Corporation in Ca Mau province.

36. SUPPLEMENTAL DISCLOSURES OF CASH FLOW INFORMATION

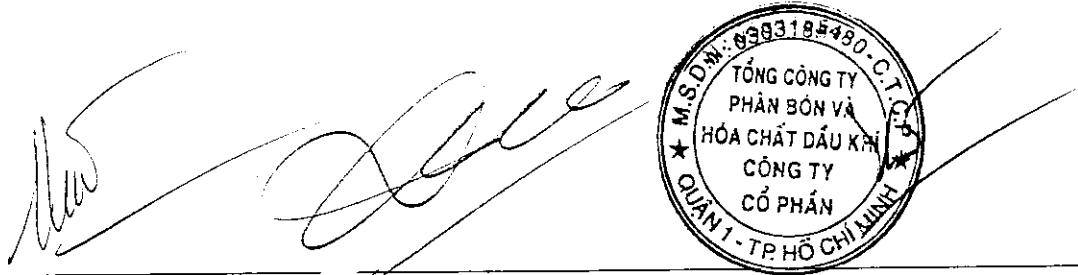

Unused cash and cash equivalents held by the Corporation

As at 31 December 2023, the Corporation's deposits with term under three months at Ocean Commercial One Member Limited Liability Bank (previously known as Ocean Commercial Joint Stock Bank) amounting to VND 284 billion are restricted. According to Official Letter No.5351/2016/CV-OCEANBANK dated 04 October 2016, Official Letter No.60/2018/CV-OCEANBANK dated 28 December 2018 and Official Letter No.76/2020/CV-OJB-CNHCM dated 12 August 2020, Ocean Commercial One Member Limited Liability Bank ensured the return of deposits held by its clients following the restructuring plan which has been submitted to the State Bank of Vietnam and the Government for approval. The Executive Board assessed that the Corporation's deposits will be recovered as committed by Ocean Commercial One Member Limited Liability Bank.

37. COMMITMENT

On 06 March 2015, the Corporation and Vietnam Oil and Gas Group ("Group") signed Agreement No. 141/2015/PVFCCo/TCKT-PVN/D_NVBL on the implementation of Counter Guarantee obligations for Dinh Vu Petrochemical and Fiber Joint Stock Company (now Viet Nam Petrochemical and Fiber Joint Stock Company ("VNPOLY")) related to the Group's guarantee obligations for the loans to invest Dinh Vu Polyester Fiber Plant of VNPOLY - an associate of the Corporation. Accordingly, the amount that the Corporation shall pay to the Group according to the counter-guarantee agreement is determined by the amount the Group has paid on behalf of VNPOLY multiplied by (x) the Corporation's ownership ratio in VNPOLY (25.99%).

On 10 January 2024, the Group issued Official Letter No. 171/DKVN-TCKT announcing the Corporation's guarantee obligation of USD 25,334,317.47 for VNPOLY's overdue principal of USD 97,479,268 USD and request the Corporation to repay the Group the amount of USD 1,266,715.87 (equivalent to VND 30,961,069,384), corresponding to 25.99% of the first installment paid by the Group to VNPOLY in the 2023 according to the committed payment schedule to banks. At the reporting date of the separate financial statements for the year ended 31 December 2023, the Corporation is working with the Group to have a plan to handle this issue according to current regulations.

STATEMENT OF THE EXECUTIVE BOARD (Continued)

THE EXECUTIVE BOARD'S STATEMENT OF RESPONSIBILITY

The Executive Board of the Corporation is responsible for preparing the separate financial statements, which give a true and fair view of the financial position of the Corporation as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting. In preparing these separate financial statements, the Executive Board is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the separate financial statements;
- Prepare the separate financial statements on the going concern basis unless it is inappropriate to presume that the Corporation will continue in business; and
- Design and implement an effective internal control system for the purpose of properly preparing and presenting the separate financial statements so as to minimize errors and frauds.

The Executive Board of the Corporation is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the financial position of the Corporation and that the separate financial statements comply with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting. The Executive Board is also responsible for safeguarding the assets of the Corporation and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

The Executive Board confirms that the Corporation has complied with the above requirements in preparing these separate financial statements.

For and on behalf of the Executive Board,

Tran Thi Phuong Thao
Executive Officer

*(According to the Authorization Letter of the Chief Executive Officer
No. 45/UQ-PBHC dated 07 March 2024)*

INDEPENDENT AUDITORS' REPORT

**To: The Shareholders
The Board of Directors and the Executive Board
PetroVietnam Fertilizer and Chemicals Corporation - JSC**

We have audited the accompanying separate financial statements of PetroVietnam Fertilizer and Chemicals Corporation - JSC (the "Corporation"), prepared on 08 March 2024, as set out from page 05 to page 43, which comprise the balance sheet as at 31 December 2023, the income statement, the cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Separate Financial Statements

Management is responsible for the preparation and fair presentation of these separate financial statements in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting, and for such internal control as management determines is necessary to enable the preparation of the separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these separate financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the separate financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the separate financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the separate financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Corporation's preparation and fair presentation of the separate financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the separate financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITORS' REPORT (Continued)

Opinion

In our opinion, the separate financial statements present fairly, in all material respects, the financial position of the Corporation as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

These notes are an integral part of and should be read in conjunction with the accompanying separate financial statements

1. GENERAL INFORMATION**Structure of ownership**

PetroVietnam Fertilizer and Chemicals Corporation - JSC (hereinafter referred to as the "Corporation"), formerly known as PetroVietnam Fertilizer and Chemicals Joint Stock Company, was established under the Enterprise Registration Certificate No. 4103007696 first issued on 31 August 2007 and the 16th amendment dated 16 February 2024, issued by the Department of Planning and Investment of Ho Chi Minh City. On 01 September 2008, the Corporation officially transformed its operation into parent-subsidary model in accordance with Resolution No. 01/NQ-DHDCD released by the Shareholders' General Meeting. Accordingly, the Holding Company - PetroVietnam Fertilizer and Chemicals Corporation - JSC was established from functional departments of PetroVietnam Fertilizer and Chemicals Joint Stock Company, project management units and Phu My Fertilizer Plant.

As at 31 December 2023, the Corporation's charter capital was VND 3,914,000,000,000, equivalent to 391,400,000 ordinary shares, each share has par value of VND 10,000. The Corporation's shares are listed on Ho Chi Minh City Stock Exchange from 05 November 2007 with the stock symbol as "DPM".

The parent company of the Corporation is Vietnam Oil and Gas Group (the "Group" or "PVN") who holds 59.58% of its charter capital as at 31 December 2023.

The total number of employees of the Corporation as at 31 December 2023 was 1,304 (31 December 2022: 1,289).

Operating industries and principal activities

The operating industries of the Corporation include:

- Production and trade in fertilizer, liquid ammonia, industrial gas, other chemicals;
- Provision of technical services relating to production and trade in fertilizer and other related chemicals (excluding heavily toxic chemicals);
- Architectural activities and related technical consultancy;
- Production, transmission and distribution of electricity;
- Trade in real estates, land use rights held as owner, user or lessor;
- Wholesale of agricultural and forestry products (excluding wood, bamboo) and living animals;
- Goods transport services by road and by inbound waterway, processing of oil and gas-related products and minerals;
- Vocational training;
- Supporting services for waterway transportation; loading and unloading goods at seaports and inland terminals; and
- Acting as vessel agent and shipping agency and providing warehousing services.

The principal activities of the Corporation are production and trade in fertilizers used in agriculture.

Normal production and business cycle

The Corporation's normal production and business cycle is carried out for a time period of 12 months or less.

3. Viet Nam Petrochemical and Fiber JSC	Hai Phong City	25.99	25.99	Production and sale of polyester fibers

Disclosure of information comparability in the separate financial statements

Comparative figures are the figures of the Corporation's audited separate financial statements for the year ended 31 December 2022.

2. ACCOUNTING CONVENTION AND FINANCIAL YEAR

Accounting convention

The accompanying separate financial statements, expressed in Vietnam Dong (VND), are prepared under the historical cost convention and in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting.

The Corporation's separate financial statements are prepared based on the aggregation of financial statements of the Head Office of PetroVietnam Fertilizer and Chemicals Corporation - JSC and its dependent accounting units. The major transactions and balances between the head office and its dependent accounting units are eliminated in the Corporation's separate financial statements.

The accompanying separate financial statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

The users of these separate financial statements should read together with the Corporation's consolidated financial statements for the year ended 31 December 2023 to obtain full information about the financial position as well as results of operations and cash flows of the Corporation during the year.

Financial year

The Corporation's financial year begins on 01 January and ends on 31 December.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies, which have been adopted by the Corporation in the preparation of these separate financial statements, are as follows:

Estimates

The preparation of separate financial statements in conformity with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting requires the Executive Board to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the separate financial statements and the reported amounts of revenues and expenses during the financial year. Although these accounting estimates are based on the Executive Board's best knowledge, actual results may differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and short-term, highly liquid investments (not exceeding 3 months) that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Financial investments

Held-to-maturity investments

Held-to-maturity investments comprise investments that the Corporation has the positive intent or ability to hold to maturity, including term deposits at banks held to maturity to earn periodic interest.

Held-to-maturity investments are recognised on a trade date basis and are initially measured at acquisition price plus directly attributable transaction costs. Post-acquisition interest income from held-to-maturity investments is recognised in the income statement on accrual basis. Pre-acquisition interest is deducted from the cost of such investments at the acquisition date.

Held-to-maturity investments are measured at cost less provision for impairment of investments (if any).

Provision for doubtful debts relating to held-to-maturity investments is made in accordance with prevailing accounting regulations.

Investments in subsidiaries

A subsidiary is an entity over which the Corporation has control. Control is achieved where the Corporation has the power to govern the financial and operating policies of an investee enterprise so as to obtain benefits from its activities.

Investments in associates

An associate is an entity over which the Corporation has significant influence and that is neither a subsidiary nor an interest in joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

Interests in subsidiaries and associates are initially recognised at cost. The Corporation's share of the net profit of the investee after acquisition is recognised in the income statement. Other distributions received other than such profit share are deducted from the cost of the investments as recoverable amounts.

Investments in subsidiaries and associates are carried in the balance sheet at cost less provision for impairment of such investments (if any). Provisions for impairment of investments in subsidiaries and associates are made when there is reliable evidence for declining in value of these investments at the balance sheet date. Provisions for impairment of investments in subsidiaries and associates are made in accordance with prevailing accounting regulations.

Equity investments in other entities

Equity investments in other entities represent the Corporation's investments in ordinary shares of the entities over which the Corporation has no control, joint control, or significant influence.

Equity investments in other entities are carried at cost less provision for impairment of such investments. Provisions for impairment of investments in other entities are made in accordance with prevailing accounting regulations.

Receivables

Receivables represent the amounts recoverable from customers or other debtors and are stated at book value less provision for doubtful debts.

Provision for doubtful debts is made for receivables that are overdue for six months or more, or when the debtor is in dissolution, in bankruptcy, or is experiencing similar difficulties and so may be unable to repay the debt.

Inventories

The Corporation uses perpetual method for accounting of inventories. Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Issue cost is calculated using the weighted average method, except for issue cost of materials that is calculated using the FIFO method. Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution.

The evaluation of necessary provision for inventory obsolescence follows current prevailing accounting regulations which allow provisions to be made for obsolete, damaged, or sub-standard inventories and for those which have costs higher than net realisable values as at the balance sheet date.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation.

The costs of purchased tangible fixed assets comprise their purchase prices and any directly attributable costs of bringing the assets to their working conditions and locations for their intended use. The costs of tangible fixed assets formed from construction investment by contractual mode or self-construction or self-generating process are the settled costs of the invested construction projects in accordance with the prevailing State's regulations on investment and construction management, directly-related expenses and registration fee (if any).

In the event the construction project has been completed and put into use but the settled costs thereof have not been approved, the cost of tangible fixed assets is recognised at the estimated cost based on the actual cost incurred. The estimated cost will be adjusted according to the settled costs approved by competent authorities.

Tangible fixed assets are depreciated using the straight-line method over their estimated useful lives, as follows:

	<u>Years</u>
Buildings and structures	5 - 25
Machinery and equipment	3 - 15
Motor vehicles	6
Office equipment	3 - 6
Others	3 - 15

Loss or gain resulting from sales and disposals of tangible fixed assets is the difference between profit from sales or disposals of assets and their residual values and is recognised in the income statement.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Corporation as lessor

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

The Corporation as lessee

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Rentals payable under operating leases are charged to the income statement on a straight-line basis over the term of the relevant lease. Benefits received and receivables as an incentive to enter into an operating lease are also spread on a straight-line basis over the lease term.

Intangible assets and amortization

Land use rights

Intangible assets represent land use rights that are stated at cost less accumulated amortisation. Definite land use rights are amortised using the straight-line method over the duration of the right to use the land from 32 to 50 years while indefinite-term land use rights are not amortized.

Copyrights

Copyrights are initially recognized at purchase prices and amortised using the straight-line method over their estimated useful lives.

Computer software and other intangible fixed assets

Computer software and other intangible assets are initially recognized at purchase prices and amortised using the straight-line method over the duration from 3 to 6 years.

Investment properties

Investment properties are composed of land use rights, buildings and structures held by the Corporation to earn rentals. Investment properties held to earn rentals are stated at cost less accumulated depreciation. The costs of purchased investment properties comprise their purchase prices and any directly attributable expenditures, such as professional fees for legal services, property transfer taxes and other related transaction costs. The costs of self-constructed investment properties are the finally accounted construction or directly attributable costs of the properties.

The Corporation does not depreciate investment real estate, which is indefinite land use rights. The remaining investment properties are depreciated using the straight-line method over their estimated useful lives as follows:

	<u>Years</u>
Definite land use rights	50
Buildings, structures	07 - 25

112

Construction in progress

Properties in the course of construction for production, rental and administrative purposes or for other purposes are carried at cost including any costs that are necessary to form the asset including construction cost, equipment cost, interest expense and other related cost in accordance with the Corporation's accounting policy. Such costs will be included in the estimated costs of the fixed assets (if settled costs have not been approved) when they are put into use.

According to the State's regulations on investment and construction management, the settled costs of completed construction projects are subject to approval by appropriate level of competent authorities. The final costs of these completed construction projects may vary depending on the final approval by competent authorities.

Prepayments

Prepayments are expenses which have already been paid but relate to results of operations of multiple accounting periods. Prepayments include insurance premium, tools and supplies allocated, maintenance costs of IT systems, and other types of prepayments.

Insurance premium represent the insurance payment in advance and allocated into income statement based on the straight-line basic over the insurance contract term.

The costs of tools and supplies allocated comprise costs of small tools, supplies and spare parts issued for consumption which are expected to provide future economic benefits to the Corporation and are charged to the income statement on the straight-line basis in accordance with the current prevailing accounting regulations.

Maintenance costs of information technology systems are recognized based on contract purchase price and amortized to the income statement on a straight-line basis in accordance with the current prevailing accounting regulations.

Other types of prepayments comprise of expenses for supporting services, office and warehouse repair expenses and other prepaid expenses, which are expected to provide future economic benefits to the Corporation. These prepaid expenses are charged to the income statement on the straight-line basis in accordance with the current prevailing accounting regulations.

Payable provisions

Payable provisions are recognized when the Corporation has a present obligation as a result of a past event, and it is probable that the Corporation will be required to settle that obligation.

Phu My Fertilizer Plant accrued the estimated repair cost to annual expense for fixed assets which have annual overhaul. If actual amount is higher than accrued amount, the difference is included in reasonable cost. If actual amount is lower than the accrued amount, the difference is recorded as a decrease in expense during the year.

Scientific and technological development fund

Scientific and technological development fund has been made since 2014 in order to finance science and technology activities of the Corporation. This fund was formed on the basis of the Corporation's demand for development and technology innovation and is recognized in the income statement according to Joint Circular No.12/2016/TTLT-BKHCHN-BTC issued by Ministry of Science and Technology, and Ministry of Finance on 28 June 2016, amended and supplemented by Circular No.05/2022/TT-BKHCHN issued by Minister of Science and Technology on 31 May 2022 and Circular No. 67/2022/TT-BTC issued by the Ministry of Finance on 07 November 2022. Accordingly, the Corporation bases on the capital demand for scientific and technological activities to appropriate a maximum of 10% of the taxable profit for this fund.

Revenue recognition

Revenue from sale of goods

Revenue from the sale of goods is recognised when all five (5) following conditions are satisfied:

- (a) The Corporation has transferred to the buyer the significant risks and rewards of ownership of the goods;
- (b) The Corporation retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- (c) The amount of revenue can be measured reliably;
- (d) It is probable that the economic benefits associated with the transaction will flow to the Corporation; and
- (e) The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from rendering of services

Revenue of a transaction involving the rendering of services is recognised when the outcome of such transactions can be measured reliably. Where a transaction involving the rendering of services is attributable to several years, revenue is recognised in each year by reference to the percentage of completion of the transaction at the balance sheet date of that year. The outcome of a transaction can be measured reliably when all four (4) following conditions are satisfied:

- (a) The amount of revenue can be measured reliably;
- (b) It is probable that the economic benefits associated with the transaction will flow to the Corporation;
- (c) The percentage of completion of the transaction at the balance sheet date can be measured reliably; and
- (d) The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Revenue from leasing investment property

Revenue from leasing investment property is recognized in the income statement on the straight-line basis over the lease term.

Financial Income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the applicable interest rate.

Dividend income from investments is recognised when the Corporation's right to receive payment has been established.

Sales deductions

Sales deductions include sales discount.

Sales deductions incurred in the same year of the related revenue from sales of products, goods and rendering of services are recorded as a deduction from the revenue of that year/period. In case that sales deductions for sales of products, goods or rendering of services sold in the year incurred after the balance sheet date but before the issuance of the financial statements, the Company recorded as revenue deductions for the year.

Foreign currencies

Transactions arising in foreign currencies are translated at exchange rates ruling at the transaction date. The balances of monetary items denominated in foreign currencies as at the balance sheet date are retranslated at the exchange rates of commercial bank where the Company usually transacts on the same date. Exchange differences arising from the translation of these accounts are recognised in the income statement.

10/10/2023 10:10 AM

Under the guidance of Official Letter No. 4360/DKVN-TCKT dated 31 December 2015 and Official Letter No. 3124/DKVN-TCKT dated 13 May 2015 issued by Vietnam Oil and Gas Group, the Corporation applied the buying rate announced by the Joint Stock Commercial Bank for Foreign Trade of Vietnam to translate monetary items denominated in foreign currencies as at 31 December 2023. The above mentioned rate differs from that stated in Circular No. 200/2014/TT-BTC issued on 22 December 2014 by the Ministry of Finance guiding the accounting regime for enterprises ("Circular 200"). However, such difference has no material influence on the Corporation's separate financial statements for the year ended 31 December 2023.

Borrowing costs

Borrowing costs are recognised in the income statement in the year when incurred unless they are capitalised in accordance with Vietnamese Accounting Standard No. 16 "Borrowing costs". Accordingly, borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the cost of those assets. For specific borrowings for the purpose of construction of fixed assets and investment properties, borrowing costs are capitalised even when the construction period is under 12 months.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years (including loss carried forward, if any) and it further excludes items that are never taxable or deductible.

Deferred tax is recognised on significant differences between carrying amounts of assets and liabilities in the separate financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using balance sheet liability method. Deferred tax liabilities are generally recognised for all temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilised.

Deferred tax is calculated at the tax rates that are expected to apply in the year when the liability is settled or the asset realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same tax authority and the Corporation intends to settle its current tax assets and liabilities on a net basis.

The determination of the tax currently payable is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and their ultimate determination depends on the results of the tax authorities' examinations.

Other taxes are paid in accordance with the prevailing tax laws in Vietnam.

4. CASH AND CASH EQUIVALENTS

	<u>Closing balance</u>	<u>Opening balance</u>
	VND	VND
Cash on hand	1,669,199,543	2,330,564,413
Bank demand deposits	400,520,488,471	226,717,171,591
Cash equivalents (i)	479,000,000,000	1,579,000,000,000
	<u>881,189,688,014</u>	<u>1,808,047,736,004</u>

(i) As at 31 December 2023, cash equivalents represent deposits with original terms from 1 month to 3 months at commercial banks at the interest rates ranging from 2.5% to 4.25% per annum (as at 31 December 2022: from 4.0% to 6.0% per annum).

As at 31 December 2023, the Corporation's deposits with term of less than 03 months at Ocean Commercial One Member Limited Liability Bank (formerly named as Ocean Commercial Joint Stock Bank) amount VND 284 billion. Under Official Letter No.5351/2016/CV-OCEANBANK dated 04 October 2016, Official Letter No.60/2018/CV-OCEANBANK dated 28 December 2018 and Official Letter No.76/2020/CV-OJB-CNHCM dated 12 August 2020, Ocean Commercial One Member Limited Liability Bank ensured the return of deposits held by its clients following the restructuring plan which has been submitted to the State Bank of Vietnam and the Government for approval. Interest income from these deposits has been paid by Ocean Commercial One Member Limited Liability Bank from 01 October 2015 to present. The Executive Board assessed that the Corporation's deposits will be recovered as committed by Ocean Commercial One Member Limited Liability Bank.

5. FINANCIAL INVESTMENTS

a. Short-term financial investments

	<u>Closing balance</u>		<u>Opening balance</u>	
	VND		VND	
	Cost	Carrying amount	Cost	Carrying amount

b. Long-term		
Long-term deposits	616,100,000	891,100,000
	616,100,000	891,100,000

(i) As at 31 December 2023, other short-term receivables for Vietnam Petrochemical and Fiber Joint Stock Company ("VNPOLY") represent (i) the total amount of VND 107,786,937,303 that the Corporation has paid according to the Counter-Guarantee Agreement between the Corporation and Vietnam Oil and Gas Group ("PVN") related to PVN's guarantee obligations for VNPOLY's medium and long-term capital loans, and (ii) other receivables with the amount of VND 6,422,144,240.

According to the Memorandum among PVN, VNPOLY and the Corporation, PVN shall be responsible for collecting the principal and interest of the guarantees having paid by parties on behalf of VNPOLY. Within 07 days from when PVN receives debt payments from VNPOLY (including both the principal and interest), PVN will return an amount which is calculated based on the Corporation's capital proportion in VNPOLY to the Corporation. The interest rate is determined at the rate equal to demand deposit interest rate announced by Joint Stock Commercial Bank for Foreign Trade of Vietnam. The interest calculation period starts from when the Corporation pays the reciprocal guarantee amount to PVN.

As at 31 December 2023, the Executive Board assessed the recoverability of this receivable at low level as the accumulated losses of VNPOLY had exceeded its equity, and VNPOLY is unable to meet its financial obligations as and when they fall due.

(ii) The balance of the other short-term receivables from PetroVietnam Trade and Services Joint Stock Company (formerly known as PetroVietnam Trade Union Finance Investment Corporation) ("PVTSJSC") as at 31 December 2023 represents an investment trust and its unpaid interest with the amount of VND 101,597,868,000 and VND 8,445,399,289 respectively. The Executive Board assessed the recoverability of this receivable at low level due to the PVTSJSC's difficult situation in business and operations.

Fair value of investment properties

According to VAS No. 05 - Investment Properties, fair value of investment properties at the balance sheet date is required to be disclosed. However, the Corporation has not determined the fair value as at 31 December 2023; therefore, no information about the fair value of investment properties as at 31 December 2023 is presented in the Notes to the separate financial statements. In order to determine the fair value, the Corporation would require an independent consultancy company to perform the valuation. At present, the Corporation has not found a suitable consultancy company yet.

Operating lease commitment of the Corporation represents land and office rentals. On 03 September 2005, the Corporation was handed over Land sublease contract No. 178/HD/TLD/UDEC.2001 dated 01 June 2001 signed between the Project Management Unit (PMU) of Dam Phu My Plant and Ba Ria-Vung Tau Urban Development and Construction Company for the long-term lease of land and infrastructure in Phu My I Industrial Zone, Tan Thanh district, Ba Ria - Vung Tau province. The contract is valid for 17 years from 03 September 2004. According to land sublease contract No. 46/HD/TLD/IZICO-PVFCCo signed on 23 December 2021, from 2022 onwards, the Corporation has to pay the annual fee for leasing land and using infrastructure in VND with an amount equivalent to USD 634,066 on every 15 February. Lease term is from 23 December 2021 to 20 October 2048.

25. BUSINESS AND GEOGRAPHICAL SEGMENTS

The Corporation's principal activities are production and trade of fertilizers used in agriculture. Accordingly, the financial information presented in the balance sheet as at 31 December 2023 and all revenue and expenses presented in the income statement for the year ended 31 December 2023 relate only to production and trade of fertilizers. Revenue and cost of sales by product line and business activity are presented in Note 26.

The Corporation distributes fertilizer, chemicals, packages, and provides services throughout the country via its subsidiaries in each region, including the North, Central Region - Central Highlands, Southeast, Southwest and Ho Chi Minh City. During the year, the Corporation exported fertilizers with the revenue about VND 998.5 billion - accounting for less than 10% of gross revenue from goods sold and services rendered of the Corporation. Thus, almost all business and operating activities of the Corporation during the period were carried out within the territory of Vietnam.

31. CORPORATE INCOME TAX EXPENSE

	<u>Current year</u>	<u>Prior year</u>
	VND	VND
Corporate income tax expense based on taxable profit in the current year	-	1,102,789,016,980
Adjustments for corporate income tax expense in previous years to the current year	24,328,423,358	2,923,637,433
Total current corporate income tax expense	<u>24,328,423,358</u>	<u>1,105,712,654,413</u>

The current corporate income tax expense for the year was computed as follows:

	Current year	Prior year
	VND	VND
Profit before tax	708,777,871,474	6,506,805,268,375
Adjustments for taxable profit		
<i>Less: non-taxable income</i>	<i>(1,283,444,651,922)</i>	<i>(457,045,358,376)</i>
<i>Add back: non-deductible expenses</i>	<i>500,525,970,118</i>	<i>1,200,693,796,779</i>
Taxable profit	(74,140,810,330)	7,250,453,706,778
<i>Taxable profit at normal tax rate of 20%</i>	<i>-</i>	<i>315,713,471,675</i>
<i>Taxable profit at incentive tax rate of 15%</i>	<i>-</i>	<i>6,923,445,982,700</i>
<i>Taxable profit at incentive tax rate of 10%</i>	<i>-</i>	<i>11,294,252,403</i>
<i>Unused taxable losses carrying to following year</i>	<i>74,140,810,330</i>	<i>-</i>
Corporate income tax expense based on taxable profit in the current period	-	1,102,789,016,980

For the production and trade in fertilizer: The Corporation is obliged to pay corporate income tax at the rate of 15% of its taxable profit.

For the production and trade in NPK fertilizers: The Corporation is obliged to pay corporate income tax at the rate of 20% of its taxable profit. The Corporation is exempted from corporate income tax for the first 02 years since it has revenue (in 2018) and is entitled to a 50% reduction in corporate income tax for the next 04 years (from 2020 to 2024). In 2023, the Corporation is subject to the incentive tax rate of 10%.

For other business activities: The Corporation is obliged to pay corporate income tax at the rate of 20% of its taxable profit.

	Current year	Prior year
	VND	VND
Deferred corporate income tax expense/(income)		
Deductible temporary differences	126,832,488,920	(109,604,973,591)
Taxable losses and tax incentives not yet applied	(11,121,121,549)	-
Total deferred corporate income tax expense/(income)	115,711,367,371	(109,604,973,591)

32. CONTINGENT LIABILITIES

Land use fee and other costs of the 0.6 ha road area which has been invested and built by the Corporation in Ca Mau province

As at 31 December 2023, the Corporation is in the process of working with the People's Committee of Ca Mau Province to determine obligations to pay land use fees and other costs that may arise related to the determination of land use purpose of the 0.6 ha road area which has been invested and built by the Corporation in Ca Mau province.

33. SUPPLEMENTAL DISCLOSURES OF CASH FLOW INFORMATION

Unused cash and cash equivalents held by the Corporation

As at 31 December 2023, the Corporation's deposits with term under three months at Ocean Commercial One Member Limited Liability Bank (previously known as Ocean Commercial Joint Stock Bank) amounting to VND 284 billion are restricted. According to Official Letter No. 5351/2016/CV-OCEANBANK dated 04 October 2016, Official Letter No. 60/2018/CV-OCEANBANK dated 28 December 2018 and Official Letter No. 76/2020/CV-OJB-CNHCM dated 12 August 2020, Ocean Commercial One Member Limited Liability Bank ensured the return of deposits held by its clients following the restructuring plan which has been submitted to the State Bank of Vietnam and the Government for approval. The Executive Board assessed that the Corporation's deposits will be recovered in the future as committed by Ocean Commercial One Member Limited Liability Bank.

35. COMMITMENT

On 06 March 2015, the Corporation and Vietnam Oil and Gas Group ("Group") signed Agreement No. 141/2015/PVFCCo/TCKT-PVN/D_NVBL on the implementation of Counter Guarantee obligations for Dinh Vu Petrochemical and Fiber Joint Stock Company (now Viet Nam Petrochemical and Fiber Joint Stock Company ("VNPOLY") related to the Group's guarantee obligations for the loans to invest Dinh Vu Polyester Fiber Plant of VNPOLY - an associate of the Corporation. Accordingly, the amount that the Corporation shall pay to the Group according to the counter-guarantee agreement is determined by the amount the Group has paid on behalf of VNPOLY multiplied by (x) the Corporation's ownership ratio in VNPOLY (25.99%).

On 10 January 2024, the Group issued Official Letter No. 171/DKVN-TCKT announcing the Corporation's guarantee obligation of USD 25,334,317.47 for VNPOLY's overdue principal of USD 97,479. 268 USD and request the Corporation to repay the Group the amount of USD 1,266,715.87 (equivalent to VND 30,961,069,384), corresponding to 25.99% of the first installment paid by the Group to VNPOLY in the 2023 according to the committed payment schedule to banks. At the reporting date of the separate financial statements for the year ended 31 December 2023, the Corporation is working with the Group to have a plan to handle this issue according to current regulations.
